**Ranking based on revenues in France - L'Argus de l'assurance n°7787 of December 16, 2022.

***The contribution to Crédit Agricole S.A.'s net income, group share came to €1,673 million. The difference in relation to Crédit Agricole Assurances' net income group share stems essentially from management restatements allocating to the insurance business Crédit Agricole S.A. management expenses, on the one hand (mainly operating expenses charged by Crédit Agricole S.A. for around €13 million), and the coupons on RT1 subordinated debt issuance for €76 million, on the other hand.
